### O'BRIEN

Referee Stops the Fight-Langford Had Philadelphian all But Out in the Fifth Round.

hooks had sufficient steam behind them to bother the colored man. The pace was fast from the beginning and O'Brien showed clever footwork and scientific boxing.

At the end of the second round O'Brien was bleeding from nose and mouth and was cautioned frequently for holding. Langford put O'Brien twice to the floor in the third round, O'Brien taking nine seconds on the second fall. O'Brien was weak but managed to stall along until the bell gave him a respite.

gave him a respite.

There was no question as to O'Brien's gameness as he took a lot of punishment in the fourth and was figting hard in the fifth until Langford landed the finishing blows.

WITH GOOD LEAD. Big Racing Schooner Has Defeated All Rivals in Majority of Events.

ELENA CLOSES SEASON

Newport, R. I., Aug. 15 .- The place ing out of commission immediately of the big schooners Elena and West-ward, to be followed shortly by the Iroleia and Enchantress, brings to a some what early close one of the most interesting seasons of large yacht rac-ing since the last America's cup series

ing since the last America's cup series of 1903.

It was hoped that this quartette of yachting "dreadnaughts" might meet in a suppplementary series off Sandy Hook, but both Commodore Morton F. Plant of the Elena and A. S. Cochran of the Westward have decided that they have had sufficient sport for this year and will postpone further trials of speed until next season.

The two months' racing closes with the Elena in the lead, although in the past two weeks her margin of the Westward shows a difference of only 40 seconds in 231 miles of racing. Yet the Plant yacht met the Cochran boat in eight contests and defated her five times. The Elena met the Irolita in seven teen races and won 14 times, while the Elena defeated the Enchantress in eight out of nine races. ress in eight out of nine races.

NORWICH MEN HOODOOS ? Did Rose of New England Spectators Blast the Tigers Prespects?

One of the Norwich fans who has been troubled over, the disastrous slump of Detroit team in the Boston and New York games on the eastern trip has found out a research

New York, Aug. 15.—Sam Langford of Boston, with an advantage of about ten pounds in weight, fought Philadelphia "Jack" O'Brien to a standstill in four and one-half rounds tonight at the Twentieth Century club. Referee Charley White prevented a knockout, when he stopped the bout in the middle of the fifth round. O'Brien was practically out from the effects of a hard left hook to the jaw and had to be helped to his corner.

It was the old story of a clever game boxer pitted against a hard hitting fighter, and from the start the Boston heavyweight had O'Brien's measure taken. Langford's blows were on the sledge hammer order, while none of O'Brien's swings and hooks had sufficient steam behind them to bother the colored man. The pace

North Attleboro, Mass., Aug. 15.—A reception such as the town has never before known was accorded George Chisholm, the Yale hurdler, one of the American athlets who participated in the English games, when he returned home tonight. Church bells were rung, factory whistles gave forth their shrill salute, fire alarm bells clanged and the whole town was a biaze of red red fire as automobiles carrying Chisredfire as automobiles carrying Chisredire as automobiles carrying Chisholm, Johnny Mack, the Yale trainer, members of the board of selectmen and other dignitaries, made their way through the crowded streets from the railroad station to the largest hall in the village. After Mack and Chisholm had spoken briefly, the latter was presented with a diamond ring in behalf of the townspeople,

TENNIS PLAYERS SELECTED TO MEET BRITISHERS. Champion Larned, Little, McLoughlin

New York, Aug. 15.—President Dwight of the United States National Lawn Tennis association today cabled to the National Lawn Tennis association of England the names of the players to represent this country in the matches to be played with the British team on the West Side Tennis club courts here September 7, 8 and 9. The American team will consist of W. A: Larned, the national champion: R. D. Little of New York, and Maurice McLoughlin and Thomas C. Bundy, the Pacific coast cracks. The winning team will go to Australia to challenge for the international trophy now held in that country.

Occum Played Under Protest. Manager LePage of the Occum team of the Mill league played the game Satunday under protest, alleging illegal players in the Baltic A. C. lineup. Bal-tic won the game on 10 runs, 12 hits. 4 errors, to Occum's 1 run, 4 hits, 4

The Occum lineup included Fromander, Takalo, Coullard, Nichols, Kokie, Boully, Tatro, Caplet and Purple; Bal-tic A. C. had Charron, Milner, Ray, L'Heureux, Paul, Higgins, Steffon, Lov-

Who Will Meet Jewett City Rovers? been troubled over, the disastrous slump of Detroit team in the Boston and New York games on the eastern trip has figured out a reason. He picks out three Norwich men, all Detroit supporters. as the jinx that brought bad luck to the Tigers. They each made special trips to the big towns to see their favorites play, and each time Jennings crew was on the

LITTLE NEW BUSINESS Yesterday's Market Showed Heavy and Irregular Tendency.

New York, Aug. 15.—Some of the improvement manifested by the stock market yesterday was lost in the course of today's operations, the list showing a heavy or irregular tendency throughout. In the alternate declines and railies which marked the day it was clear that some sort of a conflict was in process, that the market had become what is technically known as "two-sided." It stemed to have developed into a purely professional affair.

NORWICH, CONN.

There is a wide scope for inventors Carl and Anchor Sorenson of Racine, in the production of an efficient system Wis., have just completed a 3.000-of silencing gasoline engines with the mile ride through the west, and Capt. Volney E. Davis of the San Francisco

absorption of but a minimum of power in the operation. Recent tests were made at 1,000, 1,250 and 1,500 revolutions per minute with an engine rated at 36 horse power.

First, both the exhaust pipes and silencer were removed, the engine exhausting directly into the air. Secondly, the tests were made with the exhaust pipes fitted, but no silencer.

and, thirdly, with the silencer fitted as well. The result proved that in the system of exhaust pipes alone from 1 1-2 horse power to 3 1-2 horse power was absorbed, while with the complete silencing system in operation the loss of effective horse power was, at 1,500 revolutions, nearly 11 horse power.

"It willis of Indianapolis, ex-pressident of the Federation of American Motor-cyclists, recently, while discussing the "thrill seeking" propensities of the American people.

"Of course," he continued, "not revolutions, nearly 11 horse power, or close on to 30 per cent. of the power developed by the engine. The engine, at 1,500 revolutions, exhausting into the air, worked out at 36 horse power, which was reduced by the silencing

system to 25.3 horse power.

many of the millions of Americans have ever had an opportunity to sail through the clouds—and probably many of them would back down at the last minute if the opportunity really

Long distance traveling by motor-cycle is attracting wide attention of late, several trips around the world having been announced as well as numerous tours of more than one thousand mites. Three young men of Philadelphia, Lewis Stern, Julius Stern and Adam Gimball, are now making a 3,000 mile trip through Europe, to cover two months' time. Frank Troller of San Francisco is traveling around the world on a motorcycle. "As a matter of fact, aeroplaning has only two possible advantages that mo-

# untary. It requires no thought. It really does itself. Yet all the time the equilibrium must be maintained. "The motorcycle can go to places that no other wheeled machine can follow. This is true because of the very limited roadway required for its massage. "As it strikes me, the motorcycle is the aeroplane of earth, and the auto-mobile may be likened to the big diri-gible balloon," The shortage in tires throughout the country is explained by dealers as due to the unprecedented demand, which the factory managers could not foresee, as it was induced in large part by the excellent touring weather this spring. The factories prepared for a normal increase in business, taking into account the new cars put off the market, for which they had contracts to make tires, and also a normal increase in the demand for tires for old cars. There is no particular scarcity of raw material, the factories having stocked up well with rubber and the of raw material, the factories having stocked up well with rubber and the other materials that go into the mak-ing of a tire. But from a normal day the working hours of the plants have been increased to steady running day and night, which means that they have attained their utmost capacity and still have been unable to turn out tires fast enough to supply the trade. Connecticut League All games pestponed; rain. When the car is run into the garage when the car is run into the garage after a day's use, the battery switch should be shut off, all oil caps and lubricators should be closed, the gasoline feed should be cut off, the motor cleaned and all bolts and nuts ad-
